

Fig 4 1785 Herschel paper

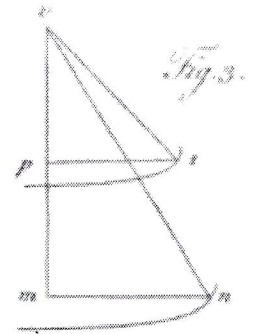

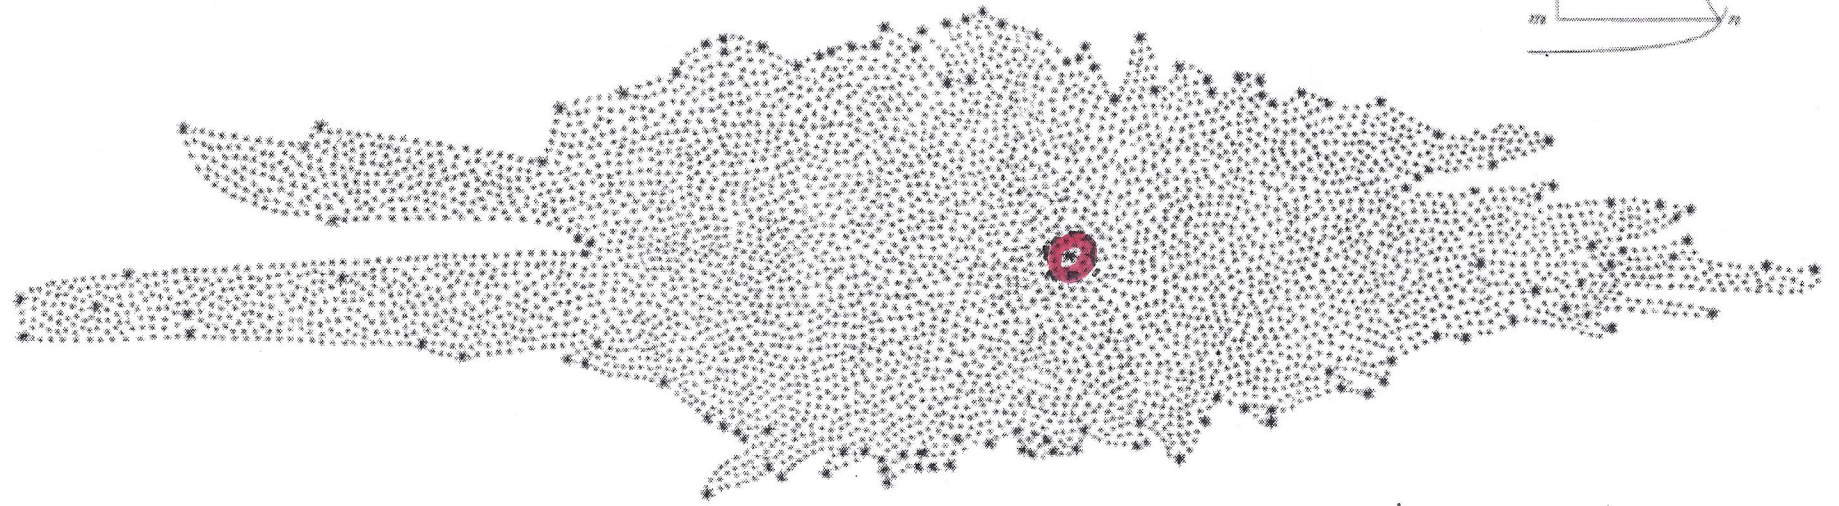

Fig. 4. Fig. 4

Our Nebula - Sun  
in center of red circle  
see p. 254 of his paper.

distance to  
Sirius is less  
than  $\frac{1}{80}$  inch  
from our location  
circle radius  $\frac{1}{8}$ "  
represents naked eye  
range of stars.
