

# Save the Phenomena

**How seriously are we to treat an explanation of our observations?  
Are these explanations a statement of reality or are they fictions?**

On a scale of 1 to 10, are you an instrumentalist, or realist?

1   2   3   4   5   6   7   8   9   10

Instrumentalist ..... realist

What do we expect from an explanation? Should it give us predictability? Are there other criteria that we can expect from explanations?
